- I. You will see a fragment from a movie about a biology teacher named Scott Voss.  
For questions 1-5, choose the right answer (A, B, C or D). 10 points**

1. Why does Voss come to see Marty Streb?  
A) to discuss a student's behaviour.  
B) to get him to meet his aunt.  
C) to ask him a favour.  
D) to inform him about a staff meeting.
2. From what Marty Streb says we can understand that  
A) he has at least one grown-up son.  
B) his wife is older than he is.  
C) his wife is ill and cannot have children.  
D) he will have to divorce his wife.
3. What cut does Principal Betcher **not** announce?  
A) reducing teacher's salaries  
B) closing the debate club  
C) annulling a traditional trip  
D) shutting down the canteen
4. What is Principal Betcher's opinion of the football club?  
A) It is less important than the music club.  
B) It has to reduce expenses on clothing.  
C) It should be closed as well.  
D) It is a source of revenue for the school.
5. The best adjective describing Principal Betcher is  
A) vindictive  
B) patient  
C) avaricious  
D) destitute

- II. You are a student at the school presented in the film. The school management has decided to support financially only one extracurricular activity. As a representative of the students' council you have been asked to write a report assessing the activity of three extra-school clubs which could benefit from the management's financial support. Write your **report** to the principal **in 220-250 words**. **50 points****
